## Doors to Other Worlds: A Practical Guide to Communicating with Spirits

By Raymond Buckland

Does consciousness survive the death of the physical body? Are there a wide variety of entities on the spiritual planes? Find out for yourself by learning how to contact and communicate with spirits using the techniques you will find in Raymond Buckland's *Doors to Other Worlds*.

You'll learn numerous methods of communicating with spirits, including spirit guides and guardian angels. You will learn how to develop your own psychic abilities and even how to become a medium yourself. You will learn the secrets of scrying, clairvoyance, table tipping, using a Ouija board, and automatic writing.

Read about the history and development of mediumship, Spiritualism, and channeling. You'll find out what they are, how they are related, how they are similar, and how they are different.

Discover the secrets of spirit photography, the practice of taking pictures of non-physical entities. Find out about the best type of film to use, how to set up the camera, and how to experiment with this system. You will even learn how to take spirit photographs without using a camera!

One of the most valuable things you can learn is how to heal yourself and others. Ray Buckland explains how diseases begin in the spiritual, or astral, body. Discover how the techniques you have learned in this book can help you to heal others and yourself. This can come from energy work performed on the astral plane or, like the famous medium Edgar Cayce, receiving instructions from the spirit plane for specific cures and treatments.

This is a book that has it all. Now is the time to start on your development for tomorrow, and it begins with *Doors to Other Worlds*.
