Warrior (The War Chronicles Book 1) By Sean Golden

*Demon-spawn, they call him; evil seed of the **UnNamed One**.* Lirak wonders if they might be right. Sent on a holy quest to test his prophetic dreams, he returns to find his people scattered or slaughtered. Ruthless invaders and their dread warlocks spread death and destruction across the land. Before he can lead the remnants of his people in vengeance, he must win their trust. But blades and arrows alone will not defeat this enemy. His only hope is to master warlock sorcery, turning their own fell powers against them.

Can he learn their arcane secrets in time, or will the deadly power consume him?

Only the **Seven Gods** could know, but they war amongst themselves, Lirak is a pawn in their divine conflict. Even if he defeats the invaders, he fears his trials are just beginning.

Editorial Review

Review

"Five stars! Tolkien would be proud." - *The Kindle Book Review*

From the Author

"Warrior" is a book I spent seven years writing while working full time, raising a family and doing the other things that we call "life." It's the first novel that I've published, and is the first in a four book series which will be published through 2015 and perhaps into 2016, depending on how much I can write. The book is set in a stone age culture that is being invaded by a more technologically advanced culture. The magic in the book is unique and compelling, and fits in well with the focus on intense action sequences. I enjoyed writing the book, and am enjoying writing the sequels.

About the Author

In my life I have been a physicist, a programmer, an editor, a publisher, a manager, and a project/program manager. I have had a lifetime of fascination with the universe, time, and spirituality. My favorite literature has always been books that have deeply explored the fundamental nature of life, purpose, and morality. It was reading books like "Lord of the Rings" or "Dune" or the great works of Heinlein, Asimov, and Clarke that drove my desire to be a writer. And it was reading the works of Twain, Steinbeck, Hesse, Salinger and others that made me realize the potential that great literature has to bring readers to a deeper awareness of the universe and themselves.
