Mental Health - A Philosophical Analysis (International Library of Ethics, Law, and the New Medicine) By P.-A. Tengland

Mental health issues are a growing concern in our modern Western society. This is part of an increasing interest in questions about health, quality of life, personal development, and self-fulfilment. However, most of what has been written so far has had its focus on mental illness or disease, the negative side of the coin, and few attempts have been made to discuss more thoroughly, from a philosophical perspective, what it is to be mentally healthy. The present book is such an attempt.

The author's aim is to analyze, philosophically, the notion of 'positive mental health'. In so doing a number of ideas found in the literature are presented and discussed. The author also raises some important methodological questions. The final result of the analysis is a formal and a material reconstruction of the concept of "positive mental health".

The book will be of value to all professionals within the health care sector, in particular to psychiatrists, clinical psychologists, and psychotherapists. It will also be of interest to philosophers and social scientists working with health questions.

Mark Guerrero:

This Mental Health - A Philosophical Analysis (International Library of Ethics, Law, and the New Medicine)

is great reserve for you because the content which is full of information for you who also always deal with world and still have to make decision every minute. That book reveal it information accurately using great plan word or we can declare no rambling sentences included. So if you are read this hurriedly you can have whole facts in it. Doesn't mean it only provides straight forward sentences but tricky core information with lovely delivering sentences. Having Mental Health - A Philosophical Analysis (International Library of Ethics, Law, and the New Medicine) in your hand like keeping the world in your arm, details in it is not ridiculous just one. We can say that no book that offer you world throughout ten or fifteen moment right but this publication already do that. So , this can be good reading book. Hey there Mr. and Mrs. occupied do you still doubt in which?
