Pregnancy week by week : Pregnancy Guide: Voices from the womb By Einat L. K.

You are probably curious to know what goes on inside your womb: How your baby is developing. What can be a better way than "hearing" about it from your baby himself? Being pregnant is both an incredible privilege and significant event in the lives of women that are fortunate enough to carry a child. While it's a time filled with wonder and hope, it's also marked by dramatic physical and emotional changes and major decisions. For each of those 42 weeks, you'll get an insider's perspective - that is, your baby's view - on how he or she is developing inside the womb and what changes you might be seeing or feeling. This book is also available in a journal format!

Editorial Review

About the Author

Einat is a mother to a lovely girl. She has been studying for the last 15 years the powerful ways to use your mind & subconscious and live a quiet, peaceful and better life. She tries to live according to the methods she's learned in all areas of her life. Einat believes in the principles of flow , liberation and positive thinking. She implements these principles in her daily life. She's on an endless journey of her personal development and tries to do the best she can. When she became pregnant with her first daughter, she implemented the tools she learned about herself in order to have an easy, pleasant and empowering pregnancy. Einat had many concerns about the birth process but with the tools and techniques which she applied to herself she was able to overcome these concerns and gave a natural childbirth to a healthy daughter. Einat is the co-founder of a new pregnancy web site www.myPregnancyToolkit.com that brings a set of practical tools for pregnant women that focuses on the pregnancy issues from the mind's perspective.
