### **The Power of Acknowledgment** By Judith W. Umlas

The Age of Enlightenment changed the way mankind thought about life, culture and human relationships. In her evocative new book, The Power of Acknowledgment, Judith W. Umlas unleashes the concept of an Age of Acknowledgment we can all help bring about. In a time of celebrity worship and self-absorption, Judith's well-reasoned and heart-felt appeal, is so counterculture as to be revolutionary. Imagine, as does the author, people acknowledging each other's humanity, accomplishments, talents and wisdom on a continuous basis. It might just catch on. And wouldn't that be something!

### Editorial Review

#### Review

"The Power of Acknowledgement reminds the reader that courtesy is only one reason to acknowledge the efforts or kindness of others. When honestly given, it is a reward without price. Indeed, it has an impact that we often fail to remember -- a ripple effect that can change attitudes, reinforce the positive, and have an impact far greater than we may realize. Yet, as the author reminds us, it is a simple act that leaves a major impression upon those to whom the acknowledgement is given. As she points out, each of us has this power, and it is important to remember to use it appropriately, often, and honestly both in business and in our personal lives." -- *Elizabeth Kearney, Ph.D., President, Kearney & Associates: The Experts' Alliance*
