A Study in Starlets (alt.sherlock.holmes) By Gini Koch

Sherlock Holmes and her new partner Dr. John Watson are settling in as roommates and consulting detectives in their new home in Los Angeles, when notorious reality starlet Irene Adler comes to call, asking for their help solving an extraordinary—and embarrassing—theft.

As a thoroughly smitten Watson closes the door on Adler's back, TV producers Joey Jackson and Tony Antonelli call on the pair. Their partner, Cliff Camden, has disappeared without a trace on the eve of filming for the new show; rumour has it he's taken off with their money. The LAPD aren't interested and Watson has nothing but contempt for the three, but Holmes takes the case.

As they pick their way amongst the grumbling crew, the neurotic actors and the low-level sleaze that permeates the city, it starts to become clear the two cases are connected—when a murder turns everything on its head...

A Study in Starlets is the second of three new novellas following on from the stories in Two Hundred and Twenty-One Baker Streets. Includes the story "All the Single Ladies."

"Koch's Sherlock is just as incisive, not to mention sharply witty, as other Holmeses; but frankly more fun to be around. This tale had me smiling from start to finish."

A Fantastical Librarian on 'All the Single Ladies.'
