## Editorial Review

### Review

“This is an interesting book for those with a primary interest in laboratory hematology.” (*Doody's*, 7 September 2012)

### About the Author

**Dr Kandice Kottke-Marchant**, MD PhD, Section Head, Hemostasis and Thrombosis, Department of Clinical Pathology, The Cleveland Clinic Foundation, Cleveland, Ohio, USA and President, International Society of Laboratory Hematology. She is also a Professor of Pathology at the Cleveland Clinic Lerner College of Medicine and an Adjunct Professor of Biomedical Engineering at Case Western Reserve University. She has published over 100 peer-reviewed publications in the field of haemostasis, is an international expert on platelet testing and aspirin resistance, and has served on review panels from the National Institutes of Health (NIH), College of American Pathologists (CAP), ISO/TC212 and North American Specialized Coagulation Laboratory Association (NASCOLA). She has been a driving force to increase the international visibility and impact of the ISLH. She has been responsible for running the ISLH annual Symposia since 2002. Due to her involvement in haemostasis and the ISLH, Dr. Kottke-Marchant will be uniquely positioned to serve as one of the co-Editors of the Textbook of Laboratory Hematology.

**Elkin Simson**, MD, PCAP, FACSP is the Medical Director of the Center for Clinical Laboratories and Hematology Laboratory at the Mount Sinai Hospital. He is also Associate Professor and Vice Chairman of the Department of Pathology at the Mount Sinai School of Medicine, New York, NY, USA. Dr. Simson was formerly the Vice-President for Medical and Scientific Affairs at Technicon Instruments Corporation, where he participated in the development of the first automated haematology analyzers to combine the CBC and WBC differential into a single instrument. Dr Simson is the Past President of the ISLH and is Vice-President of the International Council for Standardization in Hematology (ICSH). He has been Chairman of the Hematology Area Committee of NCCLS (now CLSI), a member of Council of the National Reference System for the Clinical Laboratory (NRSCL) and the Hematology and Quality Improvement Subcommittees of the NCCCLS. He was a member of the Hematology and Pathology Advisory Panel of the Food and Drug Administration (FDA). Due to his long-time involvement in haematology automation and standards organizations, Dr. Simson is an idea co-editor.

The proposed section editors are chosen from international experts in their respective fields; most have also been long-time ISLH members who have been faculty at one or more ISLH Symposia and who have been repeatedly recognized as outstanding speakers and contributors by the participants. **Dr Bruce Davis** is one of the co-founders of the ISLH and has a long history of involvement in developing automated cellular and flow cytometric technologies. Professor Alberto Orfao from Spain is one of the world's foremost experts on flow cytometry. Professor Samuel Machin is currently President of the British Society of Haematology and is an international authority on haemostasis testing. Stefanie McFadden is a medical technologist who is sought after as a consultant for laboratory management and informatics issues.

## Users Review

### From reader reviews:

#### George Finch:

Reading a book to get new life style in this 12 months; every people loves to go through a book. When you read a book you can get a lot of benefit. When you read books, you can improve your knowledge, mainly because book has a lot of information onto it. The information that you will get depend on what kinds of book that you have read. If you wish to get information about your review, you can read education books, but if you act like you want to entertain yourself read a fiction books, this kind of us novel, comics, and soon. The Laboratory Hematology Practice provide you with new experience in reading a book.

#### Rene Pina:

Beside this particular Laboratory Hematology Practice in your phone, it can give you a way to get closer to the new knowledge or facts. The information and the knowledge you can got here is fresh from oven so don't be worry if you feel like an aged people live in narrow town. It is good thing to have Laboratory Hematology Practice because this book offers to your account readable information. Do you oftentimes have book but you rarely get what it's facts concerning. Oh come on, that will not end up to happen if you have this with your hand. The Enjoyable set up here cannot be questionable, like treasuring beautiful island. So do you still want to miss the item? Find this book as well as read it from at this point!

#### Ross Fletcher:

As we know that book is vital thing to add our information for everything. By a e-book we can know everything we want. A book is a list of written, printed, illustrated or perhaps blank sheet. Every year ended up being exactly added. This reserve Laboratory Hematology Practice was filled with regards to science. Spend your time to add your knowledge about your technology competence. Some people has different feel when they reading a new book. If you know how big benefit of a book, you can experience enjoy to read a guide. In the modern era like right now, many ways to get book which you wanted.

#### Bonnie Vassallo:

As a college student exactly feel bored to help reading. If their teacher expected them to go to the library in order to make summary for some book, they are complained. Just tiny students that has reading's heart and soul or real their passion. They just do what the professor want, like asked to the library. They go to generally there but nothing reading significantly. Any students feel that looking at is not important, boring and also can't see colorful photos on there. Yeah, it is to become complicated. Book is very important for yourself. As we know that on this era, many ways to get whatever we really wish for. Likewise word says, many ways to reach Chinese's country. Therefore this Laboratory Hematology Practice can make you truly feel more interested to read.
