### Sacrati By Kate Sherwood

As an elite Sacrati fighter in the mighty Torian military, Theos is blessed with a city full of women who want to bear his children, and a barracks full of men proud to fight at his side and share his bed. He has everything he needs — until he captures Finnvid on a raid.

Finnvid is on a secret mission to prevent the Torian invasion of his homeland Elkat. Being enslaved by Torian soldiers wasn't in his plans. Neither is his horrified fascination with the casual promiscuity of the Sacrati warriors. Men should not lie with other men — and he should not be so intrigued when they do. He definitely should not be most intrigued by the leader of the soldiers who captured him and plan to invade his home.

For Theos, everything would have been easier if the infuriating, lying, bewildering Elkat had never come into his life, but he can't stay away. When betrayal and treachery threaten both their nations, they must work together to stop a war that could destroy their homes forever — even as they begin to question everything they're fighting for.

#### About the Author

Yup. It's me. Kate Sherwood, Cate Cameron, Catherine Dale... and probably a few new names, eventually. They're all one person.

One person who's lucky enough to get to live a bunch of extra lives through the characters in her books, and who's trying desperately to keep all the lives organized into some sort of categories... so each name writes a different type of story.

But really, beneath the genre categories? They'll all me. All the stories will have some kind of humour, even in the darkest times. They'll all show characters who are far from perfect, but who are trying to be better. And most of them will have animals-wild or tame, large or small-because I truly believe animals bring out the best in people (as well as the worst, unfortunately), and I want my characters to be at their best.

Basic bio stuff? I live in Cottage Country-the water-filled world north of Toronto and the rest of the cities, the land where summers are crowded with visitors and winters are snowy and isolated. I love it here. Not that I don't sometimes miss the city, but it's not that far away-I can always visit when I want to. I work full time at a non-writing job but would love to shift into a more writing-centred life. There's a five-year-plan. It might work.
