## **A Handbook of Tcm Pediatrics: A Practitioner's Guide to the Care & Treatment of Common Childhood Diseases By Bob Flaws**

This text is the fruit of extensive research into the Chinese medical literature on pediatrics and the response to years of practitioner requests for a good, comprehensive TCM pediatric textbook. It covers over 45 common pediatric complaints, giving differential diagnosis, disease mechanisms, herbal treatment, acumoxa therapy where appropriate, and Bob's comments about each one. These diseases are presented in the chronological order that they usually appear & include everything from colic and cradle cap to mumps and pediatric hyperactivity. There are also special sections on pediatric diagnosis and treating young children with Chinese herbal medicines, immunizations, and dietary therapy.

### **Editorial Review**

#### **About the Author**

Bob Flaws is the most prolific writer on Chinese medicine in the English language. He is author, translator, or editor of over 80 books on Chinese medicine and scores of articles published in both professional journals and the popular press. Among his other credits, Bob is a past president and lifetime fellow of the Acupuncture Association of Colorado, a fellow and director of the National Academy of Acupuncture & Oriental Medicine as well as a past editor of that association's quarterly journal, a founder of the Council of Oriental Medical Publishers, and the founder of Blue Poppy Enterprises. Bob is also the co-author and co-director of an NIH-funded research project working with AIDS-related peripheral neuropathy.
