## The SAGE Handbook of Globalization From SAGE Publications Ltd

Global studies is a fresh and dynamic discipline area that promises to reinvigorate undergraduate and postgraduate education in the social sciences and humanities. In the Australian context, the interdisciplinary pedagogy that defines global studies is gaining wider acceptance as a coherent and necessary approach to the study of global change. Through the Global Studies Consortium (GSC), this new discipline is forming around an impressive body of international scholars who define their expertise in global terms. The GSC paves the way for the expansion of global studies programs internationally and for the development of teaching and research collaboration on a global scale.

Mark Juergensmeyer and Helmut Anheier's forthcoming *Encyclopaedia of Global Studies* with SAGE is evidence of this growing international collaboration, while the work of Professor Manfred Steger exemplifies the flourishing academic literature on globalization. RMIT University's Global Cities Institute represents a substantial institutional investment in interdisciplinary research into the social and environmental implications of globalization in which it leads the way internationally. Given these developments, the time is right for a book series that draws together diverse scholarship in global studies.

This **Handbook** allows for extended treatment of critical issues that are of major interest to researchers and students in this emerging field. The topics covered speak to an interdisciplinary approach to the study of global issues that reaches well beyond the confines of international relations and political science to encompass sociology, anthropology, history, media and cultural studies, economics and governance, environmental sustainability, international law and criminal justice. Specially commissioned chapters explore diverse subjects from a global vantage point and all deliberately cohere around core "global" concerns of narrative, praxis, space and place. This integrated approach sets the Handbook apart from its competitors and distinguishes Global Studies as the most equipped academic discipline with which to address the scope and pace of global change in the 21st century.

## **Editorial Review**

### **Review**

These two volumes cover virtually every important aspect of the present state of globalization studies. Each contribution is of a high standard. Steger, Battersby and Siracusa should be profoundly congratulated upon their highly innovative and comprehensive selection.

(Professor Roland Robertson 2014-02-10)

Read this book to learn about the intricacies of globalization. The contributing authors skillfully chart major debates and correct popular misconceptions. With remarkable clarity, they explain complex issues and offer penetrating insights.

(James H. Mittelman 2014-03-05)

The editors succeed where many a similar compendium fails: bringing in a genuine diversity of perspectives on a global condition we may all share, but doing so in many very diverse ways, and, more importantly, constituting that condition through different instruments.

(Professor Saskia Sassen 2014-03-24)

## **Users Review**

### **From reader reviews:**

#### **Brian Lowe:**

What do you think of book? It is just for students since they're still students or that for all people in the world, the particular best subject for that? Just you can be answered for that problem above. Every person has diverse personality and hobby for every single other. Don't to be compelled someone or something that they don't wish do that. You must know how great as well as important the book The SAGE Handbook of Globalization. All type of book are you able to see on many methods. You can look for the internet options or other social media.

#### **Pearl McLean:**

Spent a free time and energy to be fun activity to complete! A lot of people spent their spare time with their family, or their friends. Usually they performing activity like watching television, about to beach, or picnic from the park. They actually doing ditto every week. Do you feel it? Do you need to something different to fill your own personal free time/ holiday? May be reading a book can be option to fill your free of charge time/ holiday. The first thing that you ask may be what kinds of reserve that you should read.
