Editorial Review

From School Library Journal

Grade 9 Up-Ibsen's classic is well served by the talents of Juliet Stevenson and seven other British actors, all veterans of the Royal Shakespeare Company, stage, and film. With excellent diction and generally convincing emotion, the polished cast conveys the dark despair that touches everyone in the play, and eventually overwhelms Hedda. Brief, but pleasant music gently marks the end of each act, and sound quality is good throughout. Exceptionally complete liner notes make it easy to find a specific track, and there's plenty of playbill-style information about the performers and the play. While this recordings is not a must buy, it will be a helpful audio component to classes studying the work of Norway's great 19th century playwright.

Review

One of Shaw's best works, *Pygmalion* is a perceptive comedy of wit and wisdom about the unique relationship between a spunky cockney flower-girl and her irascible speech professor. The flower girl Eliza Doolittle teaches the egotistical phonetics professor Henry Higgins that to be a lady means more than just learning to speak like one. The performance by the L. A. Theatre Works is technically flawless and a world-class performance of a theatrical classic. --*Midwest Book Review*
