**Dream Waters: Book One of The Dream Waters Series (Volume 1)** By Erin A. Jensen

A contemporary fantasy that blurs the lines between dream and reality, fairy tale and history, love and obsession, *Dream Waters* is the first book in the Dream Waters series.

All his life, Charlie Oliver has watched the people around him morph into creatures that no one else sees. Unlike the rest of the world, Charlie remembers the Waters that transport him to the Dream World each night. And he sees glimpses of people's Dream forms in the waking world. Condemned to spend his waking hours in a psychiatric facility because of his Dream Sight, Charlie doesn't expect anything to change. But everything starts changing the day Emma Talbot walks through the door in the middle of a group therapy session.

Haunted by memories of the events that led to her admission, Emma plans to end her life the first chance she gets. But something about Charlie stops her. From the moment they shake hands, his friendship feels safe and familiar. As Emma begins to let down her guard, Charlie catches a glimpse of the fiery-eyed dragon that lurks behind her Dream form. Each night, as Emma dreams of the man who's been banned from visiting, Charlie searches the Dream World for the monster that shadows her. But when Emma's suppressed memories begin to surface, Charlie finds more monsters than he bargained for.

### **Editorial Review**

#### **Review**

*Dream Waters* is a breath of fresh air in the urban fantasy genre. It artfully blends reality and dreams into a waking daydream, one that lulls readers in. Like the Waters used to travel between the worlds, *Dream Waters* carries readers to strange realms but remains grounded in harsh reality. Delightful and tense, this is a fantastic start to a new series. - San Francisco Book Review

*Dream Waters* will draw you in, and swirl you around in a whirlpool of desire, fantastical beasts, and forever friendships. I cannot wait for the next book in this series. It really is one of those books that you do not want to put down, and once you have finished it, you want to restart it. This is not a book for young readers, due to some adult content, but everyone else should certainly give this book a read. - Manhattan Book Review
