**Everything, Everything** By Nicola Yoon

**The instant #1 *New York Times* bestseller--soon to be a major motion picture! In theaters May 19, it stars Amandla Stenberg as Maddy and Nick Robinson as Olly.**

**Risk everything . . . for love.**

What if you couldn't touch anything in the outside world? Never breathe in the fresh air, feel the sun warm your face . . . or kiss the boy next door? In *Everything, Everything*, Maddy is a girl who's literally allergic to the outside world, and Olly is the boy who moves in next door . . . and becomes the greatest risk she's ever taken.

My disease is as rare as it is famous. Basically, I'm allergic to the world. I don't leave my house, have not left my house in seventeen years. The only people I ever see are my mom and my nurse, Carla.

But then one day, a moving truck arrives next door. I look out my window, and I see him. He's tall, lean and wearing all black—black T-shirt, black jeans, black sneakers, and a black knit cap that covers his hair completely. He catches me looking and stares at me. I stare right back. His name is Olly.

Maybe we can't predict the future, but we can predict some things. For example, I am certainly going to fall in love with Olly. It's almost certainly going to be a disaster.

*Everything, Everything* will make you laugh, cry, and feel everything in between. It's an innovative, inspiring, and heartbreakingly romantic debut novel that unfolds via vignettes, diary entries, illustrations, and more.

### Editorial Review

From School Library Journal

Gr 10 Up—From the first page, Madeline Whittier is a sympathetic character who has had to watch the world from the inside of a bubble—literally. Her diagnosed condition of Severe Combined Immunodeficiency is a life sentence that limits her to a world of two people: her mother, who is a doctor, and her nurse. Everything changes when Olly and his family move into the house next door. Olly is the kind of inventive guy who figures out a way to communicate with Madeline, and over the course of the next few months Madeline becomes Maddy, a young woman who takes potentially deadly risks to protect Olly emotionally, if not physically. Maddy's and Olly's hastily planned trip to Maui and their tastefully described liaison while there suggests a mature teen audience, but readers of Cammie McGovern's *Say What You Will* (HarperCollins, 2014) and Wendy Mills's *Positively Beautiful* (Bloomsbury, 2015) will fall in love with this humorously engaging story of a girl who discovers life, love, and forgiveness in new places. VERDICT *Everything, Everything* is wonderful, wonderful.—Jodeana Kruse, R. A. Long High School, Longview, WA
