African Origin of Biological Psychiatry By Richard D. King

African Origin of Biological Psychiatry produces data pertaining to the diagnosis of genetic predispositions of historical Blackness. World experts in science have always clashed in debating the origin of man however, a Geneticist from the University of California in Berkeley, using gene analysis, recently asserted that, "all modern races derived from an African Woman." As far as biochemist is concerned, the genetic evidence for evolution of modern people is so conclusive that the counter arguments have no validity. There is significant meaning and purpose when Dr. King says, "The deeper you go into your collective mind the Blacker it gets." The higher you go into the study of the Ancient pyramids the Blacker you'll focus.
