McGraw-Hill LearnSmart™ is available as a standalone product or as an integrated feature of McGraw-Hill Connect® Physics. It is an adaptive learning system designed to help students learn faster, study more efficiently, and retain more knowledge for greater success. LearnSmart assesses a student's knowledge of course content through a series of adaptive questions. It pinpoints concepts the student does not understand and maps out a personalized study plan for success. This innovative study tool also has features that enable instructors to see exactly what students have accomplished and a built-in assessment tool for graded assignments.
