### Editorial Review

#### Review

*Mexico Boating Guide is the most complete and accurate guidebook for Pacific Mexico, and it's undoubtedly the most up to date. The Rainses have put it all together.*--Richard Spindler, Latitude 38. Richard Spindler, Latitude 38: *When we're looking for the most recent, accurate and in-depth information on cruising Mexico, we reach for Mexico Boating Guide.* --

More than 75,000 yatistas are now using Mexico Boating Guide, and many have sent us emails saying how accurate and comprehensive this guidebook is. We cruise these waters annually, and cruisers constantly keep us informed of new boating services they are finding, new anchorages they've enjoyed, so we keep our guidebooks UPDATED - this one as of July, 2013. The guy who complained about 'not for navigation' has become kind of a joke, because veteran cruisers know that every nautical guidebook has 'not for navigation' on the charts and in the disclaimer. All errors are corrected in the FREE updates online. Keep in touch. -- Point Loma Publishing. --Publisher, Point Loma Publishing, San Diego
