TFS Theseus: The Terran Fleet Command Saga – Book 2 By *Tori Harris*

“Welcome to the Pelaran Alliance ...”

With those simple words, the Guardian spacecraft openly revealed itself to Humanity, heralding a new chapter in its 500-year-long mission to cultivate our world. Earth’s population must now make its first, planet-wide decision — join the most powerful alliance in our galaxy, or chart our own course — deciding for ourselves which civilizations are worthy of our trust. Will we be the first world to decline the Pelarans’ invitation, or does their offer come with an implied threat?

Aboard Terran Fleet Command’s flagship, TFS *Navajo*, Admiral Kevin Patterson assembles his formidable but untested forces in hopes of defending the Earth. Knowing that an attack is imminent, he must risk everything in hopes of finding his enemy and taking the initiative.

Returning from TFC’s first battle, Captain Tom Prescott learns that his frigate, TFS *Ingenuity*, is more heavily damaged than expected. Now he must race against time to prepare a new ship, then execute a daring mission to save Earth’s last and best hope of avoiding full-scale interstellar war.

Have questions about the series? For example: How long will the “saga” be? Why is the story divided into multiple books? How do I find out about the next release? Please visit my FAQ at: AuthorToriHarris.com/FAQ/

Author's Note: The books in this series build on one another are not intended to be read as "stand-alone" stories. Please read *TFS Ingenuity* before starting *TFS Theseus*.

TFS *THESEUS* is the second book of the *Terran Fleet Command Saga* by author *Tori Harris*. The story is typically associated with the military science fiction, space exploration science fiction, colonization, first contact, genetic engineering, space opera technothriller, galactic empire, or alien invasion categories.

Editorial Review

Review

"The author's admitted fondness for Tom Clancy and Patrick O'Brian is readily apparent. In fact, if you ever fantasized about Jack Aubrey as captain of a starship, well this book will get you close." - David Miller

"The Terran Fleet Command Saga has cemented his place in my library next to Weber. Great read." - Timothy Denny

"Another cracking good read from Harris. I particularly like the slow development of all the battle sequences. The detail present in the background makes the whole thing very believable. The only frustrating thing is that it's such a good story I can't put the book down and I finished it in two days!" - Ian Thompson

"My new favorite Author!" - Peter Roseman

"This is the best 'first novel' I've read since Ryk Brown's start to 'The Frontiers Saga'. Tori Harris weaves together his take on Earth's future with a dose of urban legend and a bit of conspiracy theory (impossible engine - Roswell aliens). I've read a lot of science fiction from the Kindle Store and this is one of my favorites." - Everette Aston

"I am so glad Tori is a self publishing author - proving you don't need the support of the "big 5" to be an amazing story teller." - Charles Corbett

"This was a great book. Lots of real seeming science, good character development, realistic dialogue, one of the best books I have read in science fiction in a long time. No unnecessary sex, no bad language! Editing was great. I read at least a book a day, of some sort, and have for about 40 years, so I have read a lot of books. This was really good and I can't wait for the next. A lot of the stuff I get from kindle unlimited is bad! But this definitely was good." - Sharon Billingsley

"The battle scenes were described in amazing detail and interplay between the various species opened the plot to all kinds of new directions - It has blossomed into a very Raymond Weil epic arc but with a very sophisticated Tom Clancy vibe that I truly love." - Michael Matthews

About the Author

Born in 1969, four months before the first Apollo moon landing, Tori Harris grew up during the era of the original Star Wars movies and is a lifelong science fiction fan. During his early professional career, he was fortunate enough to briefly have the opportunity to fly jets in the U.S. Air Force, and is still a private pilot who loves to fly. Tori has always loved to read and now combines his love of classic naval fiction with military Sci-Fi when writing his own books. His favorite authors include Patrick O'Brian and Tom Clancy as well as more recent self-published authors like Michael Hicks, Ryk Brown, and Joshua Dalzelle. Tori lives in Tennessee with his beautiful wife, two beautiful daughters, and Bizkit, the best dog ever.
