### The Immortal Coil By J. Armand

Dorian Benoit is about to learn a history lesson not taught in any textbook.

The blood-soaked reign of man may be a fascinating tale of triumph and tragedy, but hardly an original one. Since the beginning, humanity has been locked in a never-ending cycle of destruction and rebirth. Wars are fought and civilizations crumble only to be reborn and start anew. Names and faces may change with each cycle, but the game remains the same.

Humans are not the only players on the board, however. Sinister forces watch from the sidelines waiting for every opportunity to manipulate the fate of mankind for their own benefit. These immortal beings have purged the knowledge of their existence from our archives and stricken the true past from the record books to shroud the world in ignorance so that they may gain every possible advantage over the hapless cattle they seek to control.

Now, with the modern era coming to a close, it is time for the immortals to make their move once more. And for some, their plans include young Dorian, whether he likes it or not.

### Editorial Review

#### About the Author

J. Armand is an American novelist. His interest in both literature and the supernatural stem from a childhood filled with reading about superheroes and mythology. It wasn't until several life-changing events that he decided to do what he loves and chase his dream to become an author.

His writing style includes all the heart-pounding action of a dark superhero tale mixed with unique symbolism to reflect events and themes in the real world through various perspectives. The Immortal Coil series was written with the intent to show how history truly does repeat itself and even though we are all different, it does not mean we have to be alone.

### Users Review

#### From reader reviews:

##### **Anthony Thies:**

Why don't make it to become your habit? Right now, try to prepare your time to do the important take action, like looking for your favorite publication and reading a book.
