Editorial Review

About the Author

Born in Europe in 1940 to Baroness Boleslawa Bogumila and Baron Felix Maceli Dangel, George and his family came to Australia in 1949. Strange things began to happen... he could predict things and began to see auras. After learning various professions he learnt about the human body in two separate modalities. Initially graduating from the University of Hawaii in the Medical Faculty and working in medicine for some time he eventually realized he was looking for Metaphysics. After working with various Masters around the world he met the central figure in his life - Grand Master Choa Kok Sui. It was the Grand Master who taught Master George all he knows. This knowledge is now passed on to us through Master George's books and work.
