### **Bullets and Brains** By Andrew Nathan Wilner MD

Bullets and Brains is a collection of over 100 essays about people and their brains written by a neurologist and epilepsy specialist. These articles appeared over the last four years in two Medscape.com columns, “Wilner on Neurology” and “Epilepsy Notes,” as well as other special articles. Medscape.com is a division of WebMD, a leading provider of health information. Although written for a medical audience, most of these essays focus on the intersection of neurology and society and are easily accessible to the inquisitive reader. As one reader wrote, “I felt as if I was in a comfortable conversation over a good coffee with the author.”
