### Editorial Review

#### Review

"Oh, English! In a language where there are 752 rules just for using commas, it's a delight to have an easy-to-follow guide. *Correct Me If I'm Wrong* puts English into plain English, which is no small feat! The book is terrific." - Scott James, *New York Times* columnist; author of the bestselling Kemble Scott Novels *SoMa* and *The Sower*

"The thing about Arlene Miller's new grammar book is that it works. The book is easy to read, laced with humor, and stress-free to absorb because of all the great examples. I'm keeping my copy right next to my computer." - Linda Loveland Reid, author of *Touch of Magenta*, past president of Redwood Writers

"Just as Miller did in *The Best Little Grammar Book Ever!* she has put together another grammar book that is both informative and a pleasure to read. I have become a staunch member of her fan club." Persia Woolley, author of the *Guinevere Trilogy*

#### From the Author

With its expanded section on comma use and answers to the most confusing word-usage issues, I hope you find *Correct Me If I'm Wrong* fun and useful! It is the perfect accompaniment to *The Best Little Grammar Book Ever!* which contains more basic grammar problems. I have written the book to appeal to all ages from about 11 through adult. This book will be helpful for students (from middle school through graduate school), writers, professional of all types, and anyone who ever needs to write anything. Although the topic is serious, the book is written in a clear, easy-to-use, and fun-to-read manner with plenty of examples and a complete index. All topics are arranged alphabetically to make finding anything you are looking for simple. Enjoy!

#### From the Back Cover

Punctuation...Word Usage...Grammar Issues...It's all in here...and it's all easy to find and easy to understand...

"This book anticipates and answers the most common questions asked by educated, curious writers and readers. Whether it is a point of English grammar, mechanics, or word choice, *Correct Me If I'm Wrong* conveys the information in a logical, conversational, and reassuring tone. Readers are treated to the rules, the exceptions, and clear examples of many tricky aspects of the English language.

We read about the hard and fast rules of English: *alright* is not an accepted spelling.

We encounter points of usage that are shifting: placement of the Oxford comma is a matter of choice.

And we learn about some plain old myths: you can start a sentence with *because*!

Is it *family is* or *family are*? *Passed* or *past*? *Lead* or *led*? And what is *healthfully*, anyway?

Arlene Miller reveals all.

I guarantee that you will want this book in your home collection and will refer to it often."

-Susan J. Behrens, Ph.D., Professor, Marymount Manhattan College

## **Users Review**

### **From reader reviews:**

#### **Ronald Hill:**

As people who live in the modest era should be revise about what going on or facts even knowledge to make all of them keep up with the era which can be always change and make progress.
