### Geek Girl: Model Misfit By Holly Smale

You can make a geek a model, but you can't make her chic. More hilarity and high fashion await in the second book in the internationally bestselling Geek Girl series!

Harriet Manners is a model—but she feels even less popular and more awkward than she did when she was just a geek. So a summer modeling job in Japan sounds like the perfect vacation, even if she has to bring along her crazy grandma Bunty, and even if she might run into Nick, her gorgeous supermodel ex-boyfriend. No one is going to ruin Harriet's fabulous Tokyo adventure—unless she accidentally ruins it herself. . . .

This sequel to Holly Smale's #1 bestselling debut novel, *Geek Girl*, is perfect for fans of Mag Cabot's Princess Diaries series and Louise Rennison's Georgia Nicolson series.

“Harriet is irresistible. Readers will experience love at first chapter for this geek girl who always manages to hold on to her sense of humor as she navigates the treacherous worlds of school friendships and high-fashion modeling.” (Voice of Youth Advocates (VOYA))

“Daffy physical humor and intelligent wit hit the sweet spot between Louise Rennison’s Georgia Nicolson books and Erin McCahan’s Love and Other Foreign Words. (Bulletin of the Center for Children’s Books)

#### From the Back Cover

Harriet Manners is a model.

She used to be a geek, but now she has transformed into a creature of grace and sophistication. She is completely at one with the world of fashion.

Except she's not.

In fact, Harriet feels even less popular and more awkward now than she did when she was just a geek. So when Yuka Ito invites her to go to Japan and be the face of her new label, Harriet seizes the chance to get away.

Harriet might have to bring along her crazy grandma Bunty, and she might run into Nick, the gorgeous costar who unceremoniously dumped her two months ago. But no one is going to ruin her fabulous Tokyo summer.

Unless she accidentally ruins it herself. . . .
