Lectures on the History of Philosophy, Volume 3: Medieval and Modern Philosophy By Georg Wilhelm Friedrich Hegel

G. W. F. Hegel (1770–1831), the influential German philosopher, believed that human history was advancing spiritually and morally according to God's purpose. At the beginning of Lectures on the History of Philosophy, Hegel writes: "What the history of Philosophy shows us is a succession of noble minds, a gallery of heroes of thought, who, by the power of Reason, have penetrated into the being of things, of nature and of spirit, into the Being of God, and have won for us by their labours the highest treasure, the treasure of reasoned knowledge."

Volume 3 of Lectures on the History of Philosophy, titled Medieval and Modern Philosophy for this Bison Books edition, begins with a survey of the philosophy of the middle ages, leaving the pagan world for the Christian and extending to the sixteenth century A.D. Hegel shows how scholastic theology and philosophy developed through the efforts of Peter Lombard, Thomas Aquinas, and others. Hegel's treatment of the modern period of philosophy focuses on Bacon, Descartes, Spinoza, Locke, Hobbes, Leibnitz, Berkeley, Hume, Kant, and Fichte.

Editorial Review

From Library Journal

Hegel's landmark three-volume history of philosophy was initially published in English between 1892 and 1896. These are the only paperback editions currently available and contain a new introduction by scholar Frederick C. Beiser.

Review

"Hegel's *Geschichte der Philosophie* was one of the grand products of the renaissance in historical learning that took place in early nineteenth-century Germany. . . . Hegel remains relevant today for his recognition that any self-critical philosophy must include a knowledge of its own history. A self-aware philosopher, Hegel firmly believed, knew where his ideas came from and their social and cultural context. . . . This is still the only available translation of all three volumes of Hegel's history."—Frederick C. Beiser, *The Fate of Reason: German Philosophy from Kant to Fichte*

(Frederick C. Beiser)

"[Hegel] is, without doubt, the Aristotle of our post-Renaissance world."—J. N. Findlay, *Hegel: A Re-examination*

(J. N. Findlay)

From the Back Cover

'Hegel's *Geschichte der Philosophie* was one of the grand products of the renaissance in historical learning that took place in early nineteenth-century Germany—Hegel remains relevant today for his recognition that any self-critical philosophy must include a knowledge of its own history.

Users Review

From reader reviews:

Alejandra Dunlap:

Book is to be different per grade. Book for children till adult are different content. As we know that book is very important for us. The book *Lectures on the History of Philosophy, Volume 3: Medieval and Modern Philosophy* seemed to be making you to know about other know-how and of course you can take more information. It doesn't matter what advantages for you. The guide *Lectures on the History of Philosophy, Volume 3: Medieval and Modern Philosophy* is not only giving you considerably more new information but also for being your friend when you feel bored. You can spend your spend time to read your guide. Try to make relationship with the book *Lectures on the History of Philosophy, Volume 3: Medieval and Modern Philosophy*. You never experience lose out for everything should you read some books.

Jasmine Myers:

Here thing why this specific *Lectures on the History of Philosophy, Volume 3: Medieval and Modern*

Philosophy are different and trusted to be yours. First of all looking at a book is good but it depends in the content of computer which is the content is as tasty as food or not.
