**SAP SCM-APO Global Available To Promise (GATP) with Base APO PPDS FREE - Step by Step Guide Part 2 - ADVANCED APO GATP: State of the Art ATP Checks in ... (GATP) - Step by Step Complete Guide** By Ambrish Mathur, Piyush Ranpura

Global Available To Promise (GATP) using SAP SCM-APO (Advanced Planning and Optimization) tool. Often the Demand and Supply Plans are unreliable despite Planning efforts by organizations as they lack Solid Demand Planning (DP) and Supply Planning (SNP) processes that need to be refined with changing business conditions. These Planning Business issues often Result in inability to confirm Products to Customer Orders caused by Stock in another distribution center (DC) or Stock of another Product. To buffer for such uncertainties, organizations that cannot spend efforts to improve their DP and SNP Processes short-term start to carry more 'Safety Stock' Inventory of Products in DCs and Stores resulting in reduced Profits. "ATP" or "Available To Promise" forms a very Important Part of Confirming Stock to Customer Sales Order for Finished Products (FG). ATP Check is more to do with Order 'Execution' and less of 'Planning'. GATP provides a State-of-the Art ATP Check that can Confirm Stock to Customer Orders in very Innovative ways via "Rules".

Since Customer Sales and Revenue is at the Heart of all CEOs, CFOs and hence also CIOs and Heads of Sales / Customer Service Departments of any Organization, the ATP is a very Important Part of the "Order Management" process in the Order-To-Cash (OTC) Cycle. So the ATP Process of OTC is Critical to CxOs.

Simplicity is easier to consume and anything complex is not. Even today Business Users find it complex to run APO. This book delves into the ATP options available in the OTC business process and then dives deeper into the technology of SAP SCM-APO GATP for each functionality provides a Step by Step Visual guide to make the understanding easier with the intent to make it 'Simple'.

This is Part-2 Advanced version of the Part-1 Book Sequel released earlier separately. The Book was Split into 2 Parts due to huge Visual SAP Screens Content for Step by Step guide detailed Learning. Part-2 comprises of Advanced APO GATP topics such as Advanced Rules Based ATP (RBA), Multi-Level ATP (MATP), Capable To Promise (CTP), Transportation based Scheduling and Dynamic Route Determination in ATP, Third Party Processing in ATP a automated Basic and Event driven Back Order Processing (BOP) process that is common to every OTC Process ... etc. and finally Approach Suggestions for real-life GATP Projects ... with SAP System screenshots Visually explaining each and every setup and results like no other book you have seen before. This is why it's a Complete Step by Step Guide and additional Guidance is available from Author. FREE 469 Page BONUS Content on PPDS in APO for CTP included.

This Kindle Edition is of 310+ pages (almost 1/3rd of Content is on Kindle), and the Full HTML5 Web Version with 1340+ pages for reading Laptop / Desktop and Mobile devices - iTab, iPhone and Android devices is available for Free Download on Proof of this Purchase (If you don't have a Kindle - NO NEED to buy - use my shared Complimentary Copy on Laptop or use this version Kindle App for PC on your Laptop). The Web content is Fully Text Searchable, Printable (Kindle edition is regrettably not but has TOC), zoom-able to view SAP screen in detail and also with ability to add bookmarks and reader annotations/notes while learning. Reach out to Author for this after buying the book.

eBook is Guaranteed by Author to Please you with a Lot of Hands-on and very VISUAL Content (1340 pages) explained on SAP Screens as compared to any other book you have seen and will easily Replace your any Hardcopy Book on the Subject matter. Additional Guidance from Author is available on Request for Setup of Systems to learn Hands-on.

Author was hands-on on APO since year 2000 till 2013 and has taught the Subject to Students in a 2-week Classroom courses for over 410+ students from 2008 to 2013 and has gathered In-depth hands-on knowledge on the APO Subject in DP, CIF, GATP, PPDS, GATP over the years explained in this GATP book.
