### The Daughter of Time (Inspector Alan Grant Book 5) By Josephine Tey

Voted greatest mystery novel of all time by the Crime Writers' Association in 1990, Josephine Tey recreates one of history's most famous—and vicious—crimes in her classic bestselling novel, a must read for connoisseurs of fiction, now with a new introduction by Robert Barnard.

Inspector Alan Grant of Scotland Yard, recuperating from a broken leg, becomes fascinated with a contemporary portrait of Richard III that bears no resemblance to the Wicked Uncle of history. Could such a sensitive, noble face actually belong to one of the world's most heinous villains—a venomous hunchback who may have killed his brother's children to make his crown secure? Or could Richard have been the victim, turned into a monster by the usurpers of England's throne? Grant determines to find out once and for all, with the help of the British Museum and an American scholar, what kind of man Richard Plantagenet really was and who killed the Little Princes in the Tower.

*The Daughter of Time* is an ingeniously plotted, beautifully written, and suspenseful tale, a supreme achievement from one of mystery writing's most gifted masters.

Josephine Tey is often referred to as the mystery writer for people who don't like mysteries. Her skills at character development and mood setting, and her tendency to focus on themes not usually touched upon by mystery writers, have earned her a vast and appreciative audience. In *Daughter of Time*, Tey focuses on the legend of Richard III, the evil hunchback of British history accused of murdering his young nephews. While at a London hospital recuperating from a fall, Inspector Alan Grant becomes fascinated by a portrait of King Richard. A student of human faces, Grant cannot believe that the man in the picture would kill his own nephews. With an American researcher's help, Grant delves into his country's history to discover just what kind of man Richard Plantagenet was and who *really* killed the little princes.
